China's Largest Pump & Valve Expo – Connecting Global Industry Resources.

As China's largest and most influential event in the pump and valve industry, FLOWTECH CHINA 2026 featured a **60,000** sqm exhibition area and brought together over **932** leading domestic and international brands, including renowned names such as Wilo, Andritz, Ebara, Xylem, ABB, and more. The show attracted **60,987** professional visitors, among whom **9,563** were international buyers.

Reaffirming its top position, the show set new records and presented global pump-valve innovations and trends.

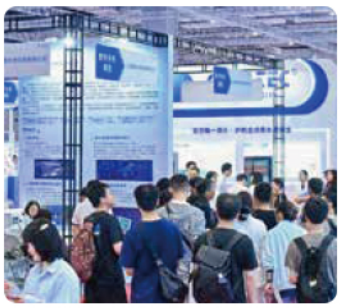
Featured Exhibit Zone

Chemical Pump & Valve Zone

Driving full-chain growth across petrochemicals, engineering, automotive, and materials sectors.

Recommended Exhibitors

KSB · TVJC VALVE GROUP · KARON 冠龙 · HG · CHAODA · TEFLOW 腾龙泵阀



Digital Water Pavilion

Focusing on integrated technologies for smart water infrastructure construction and green transformation, FLOWTECH CHINA provide customized solutions for water utilities, drainage companies, and industrial parks, covering digital management and control, leakage management, and wastewater resource utilization.

Recommended Exhibitors

CTG 三峡智慧水务科技有限公司 Three Gorges Smart Water Technology Co.,Ltd. · BESW 北水云服 · 重庆远通 CHONG QING YUAN TONG · 上海城投

Specialized, Refined, Distinctive and Innovative (SRDI) Technology Zone

Focusing on new materials, intelligent equipment, and customized technology integration, FLOWTECH CHINA provide energy-efficient, differentiated innovative products and dedicated solutions for niche segments in the water treatment and fluid industries.

Recommended Exhibitors

Pentax · ANDRITZ · TVJC VALVE GROUP · CHAODA · SHIMGE 新界泵业 · LEO 利欧泵业

Innovation Technology Exhibition Zone

In collaboration with China Jiliang University, FLOWTECH CHINA co-host the National Fluid Equipment Technology Innovation Award, showcasing innovative technologies and achievements in the fluid machinery industry.

Recommended Exhibitors

ANDRITZ · 连成集团 LIANCHENG GROUP · 凯泉 KAIQUAN · CNP 南方泵业 中国节能泵王 · SHIMGE 新界泵业 · LEO 利欧泵业

Urban-Rural Water Environment Governance Excellent Case Themed Zone

Focusing on the integration of advanced wastewater treatment and recycling technologies, FLOWTECH CHINA provide customized solutions for upgrading and retrofitting, reclaimed water reuse, and near-zero discharge, serving municipal wastewater treatment plants, industrial parks, and water-intensive enterprises.

Recommended Exhibitors

英菲达生物 · 力达 · HCP 河見泵浦

Exhibitor Testimonials

WILO CHINA LTD.,

We presented our complete industrial water treatment solutions, attracting many domestic buyers and a surge of international visitors from the Middle East and Southeast Asia. Industry forums and the 9th Yangtze River Delta Conference offered platforms for new products, where Senior Engineer Liu Xiaoju spoke on Wilo's water supply innovations. The exhibition connected us with global partners, consolidating our domestic base and expanding overseas - and we will stay committed to this platform

ANDRITZ (CHINA) CO., LTD.

We were honored to showcase our high-end industrial pump systems at the FLOWTECH CHINA 2026. The event impressed us with its professionalism and quality buyers, precisely targeting metallurgy, chemical, and wastewater sectors - a perfect fit for our business. The organizer's one-stop support was responsive and thoughtful. Our face-to-face meetings generated substantial project inquiries and strong connections with China's high-end manufacturing circle. This is an indispensable platfor m for the domestic market. We wish the expo ever greater success and look forward to exploring more premium opportunities with you next year.

EBARA MACHINERY (CHINA) CO., LTD.

FLOWTECH CHINA 2026 drew high visitor traffic, attracting HVAC and water distributors to inspect our energy-saving equipment. We signed 10+ new regional distributors, boosting our channel. Contractors and developers brought real projects and clear orders, yielding efficient conversions. We thank the organizer for the quality platform, which helped us grasp market trends and optimize our network. We are pleased with the expo's value and look forward to expanding next year.

SHANGHAI LIANCHENG (GROUP) CO., LTD.

We presented our new fire-fighting, VFD, and direct-coupled pump series at this expo. As long-time exhibitors, we value the event's strong Asia-Pacific reach. Municipal and water authorities placed group orders, while buyers from Thailand, Vietnam, and South Korea signed long-term supply deals. The sector-based viewing improved match quality. This expo is our core platform for domestic and SEA business. We thank the organizer and wish the show continued

SHANGHAI HUGONG VALVE FACTORY (GROUP) CO., LTD.

We congratulate the FLOWTECH CHINA 2026 on its successful run – a premier event with strong reputation. It gathered top buyers from EPC, petrochemical, and municipal pipeline sectors, with high B2B quality. We secured multiple intent orders and were added to several major infrastructure suppliers' databases. The show's credibility makes it a top platform. We look forward to optimized visitor flows and a complete cycle, and we will stay on.

SHANGHAI CHELIC PNEUMATIC CORP.

As an upstream pneumatic component supplier, we witnessed the expo's full industry chain strength. Many pump/valve OEMs and fluid integrators came specifically for our actuators, matching our product focus. The organizer created exclusive negotiation zones, helping us secure multiple long-term supply contracts. Their lightweight service for parts makers, with flexible booth setup and promotion, effectively reduced our costs. We look forward to next year's show for deeper collaboration.

Global Buyers, Grand Expo.

This year's expo drew **60,987** professional visitors from **182** countries, with significantly improved buyer quality. Decision-makers from EPC firms, water utilities, energy SOEs, chemical parks, design institutes, and manufacturers accounted for a much larger share. Cross-regional demand was released through group visits from key industrial clusters. International visitors reached **9,563**, up **17%** year-on-year, highlighting the expo's global influence and industry pull.

Global Resource Matching, On-Site Deals Delivered

To boost in-depth exchange and collaboration, this edition expanded the business matchmaking program. Based on specific procurement needs, FLOWTECH CHINA paired buyers with the right exhibitors for one-on-one business talks. FLOWTECH CHINA invited **6,205** key buyers and facilitated **1,832** online + offline matchmaking sessions. Concurrently, an international business matchmaking connected over 100 international user units with domestic exhibitors, giving strong support to Chinese pump and valve companies expanding abroad.

Industry Leaders Gather to Uncover New Trends

During the exhibition, over **80** high-level conferences and forums were held concurrently, bringing together more than **1,000** industry leaders, technical experts, and research scholars. In-depth discussions covered key topics including urban water supply and drainage & smart water utilities, interpretation of new water supply regulations, AI + water applications, industrial water conservation and energy-saving & low-carbon solutions, chemical and pharmaceutical water treatment, and high-quality drinking water safety. These sessions delivered forward-looking trends, cutting-edge technologies, and innovative thinking to the industry.

Adam Saffian Ghazali
CEO of Selangor Water Group
Member of the IWA Strategic Council

Robin Wong
Founder of TeamSolve, Singapore
Member of the Standing Committee, IWA Digital Water Specialist Group

Zoran Kapelan
IWA Fellow and Head of Urban Water Engineering Research Group, TU Delft

S.K.Weragoda
Academician, Sri Lanka Academy of Sciences

Chinthaka
BOI Sri Lanka

Heinz-Peter Mang
Founder, German Biogas Association

Conference Review (Partial)

The 9th International Industrial Water Leaders Forum (IWLF)

Organizer: Editorial Department of Water Treatment Technology, National Membrane Technology Information Station
Co-organizer: Zhejiang Membrane Industry Association, Shanghai Petroleum Society
Host: Shanghai Herui Expo
Co-host: China Energy Conservation Association
Founding Partner: Ecolab Group
Media Support: GWI International Environmental Platform
150+ Industry Professionals Attending Include: Government officials, university/design/research institute staff, core leaders from petrochemical, coal chemical, power, steel, food & beverage manufacturers, industrial parks, data centers, and upstream/downstream enterprises.
