About WieTec

Jointly organized by authoritative organizations such as All-China Environment Federation and China Energy Conservation Association, together with Shanghai Herui Expo, WieTec has earned certification from **the Union of International Fairs (UFI)**. Focused on energy conservation, emission reduction, and low-carbon environmental protection, it brings together over **3,500 exhibitors** across **210,000 sqm**.

WieTec features two main sections: **Industrial Energy & Environmental Protection and Living Environment & Health**, covering water, air, solid waste, and soil pollution control, along with key technologies like green intelligent manufacturing and recycling. It also promotes green and healthy lifestyles through green building materials, healthcare equipment, and comfort systems, shaping sustainable living scenarios.

WieTec serves both industrial manufacturing and residential sectors, with broad applications in municipal, construction, and agriculture industries. It is a vital hub connecting the green economy value chain.

Exhibition Highlights

- 01** An industry-leading international event certified by **UFI**, covering **210,000 sqm**, gathering **3,500** exhibiting companies and **120,000** professional visitors.
- 02** A premier platform chosen by **100,000 products and technologies** for their debut, serving as a showcase for top global brands and cutting-edge technologies.
- Featuring dozens of **specialized thematic pavilions** that span various end-user industries, delving into the trending application scenarios across sectors.
- 03**
- 04** Hosting over **80** industry summit forums, attracting more than **1,000+** industry leaders to engage in face-to-face discussions with top experts on future trends.
- 05** Promoted through **300+** vertical industry media outlets, **120+** authoritative industry organizations, and mainstream digital marketing channels, providing 360° comprehensive exposure in the Chinese market.
- 06** Empowered by the international business resources of Informa Markets, opening new channels for global expansion with over **10,000** international buyers.

Exhibits Range

Wastewater Treatment

Rural and Township Sewage / Water Environment Comprehensive Treatment / Sponge Cities, Evaporation Crystallization Equipment / Zero Wastewater Discharge, Filtration Equipment / Consumables / Filter Materials, Sewage Equipment / Supporting Products, Sludge Disposal / Resource Utilization, Disinfection and Sterilization Equipment / Chemicals.

Membrane and Water Treatment

Membrane Products, Complete Membrane Equipment, Membrane Supporting Products, Filters, Industrial Water Purification Equipment and Supporting Products, Filter Elements, Membrane Treatment Chemicals, etc.

Pumps, Pipes, and Valves

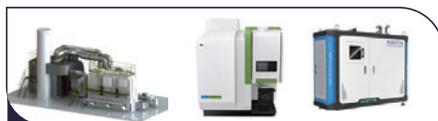

Pumps, Valves, intelligent water supply equipment, Pipes / fittings, Drainage equipment, Actuators, Pump and Valve supporting products, Motors, etc.

Green Intelligent Manufacturing

Filtration and Separation, Industrial Piping, CleanTech, Industrial Heat Pumps, Energy Efficiency Technologies and Waste Gas Treatment, etc.

Energy-Saving Equipment

Compressors, Industrial Energy-saving Fans, Environmental Protection / Water Treatment Fans, Fan Accessories, Waste Heat and Pressure Recovery and Re-utilization, Compressor Accessories, Energy-saving Systems, Vacuum Technology, Industrial Heat Pumps, Industrial Heat Pump Supporting Products, etc.

Pipeline Systems

Metal Pipes and Fittings, Plastic Pipes and Fittings, Plumbing and Heating Valves, Building Drainage Systems, Eco-friendly Home Electrical Wiring, etc.

Industrial Air Treatment and Cleanroom Engineering

Filtration and Separation, Industrial Piping, CleanTech, Industrial Heat Pumps, Energy Efficiency Technologies, Waste Gas Treatment and Industrial Automation and Digitalization.

Point of Use/Entry

Whole House Water Purification Systems, Under-Sink Water Purifiers, Direct Drinking Water Dispensers, Water Boilers, Pres-Filters, POU Water Dispensers, Piped Direct Drinking Water Systems, Countertop Direct Drinking Water Dispensers, Sparkling Water / Tea / Coffee / Ice-Making Functional Water Systems, Water Purification Consumables, and Accessories.

HVAC and Comfort Systems

Air Conditioning and Heating Equipment, Three-constant and Five-constant Systems, Hot Water Systems, Smart Control Systems, Air Purification Equipment, Fresh Air Systems, Air Disinfection, Humidification and Dehumidification, Indoor Air Management, Air Purification / Fresh Air System Supporting Products.

Age-friendly Environment & Healthy Ageing Solutions

Age-friendly Home Products, Smart Elderly Care Solutions, Age-friendly and Livable Environment Design, Rehabilitation and Assistive Devices

● Leading Exhibitor Brands (Partial)

● Target Visitors

Distributors/Dealers/Integrators

Distributors / Dealers / Traders, Building Materials, Water Supply System Integrators, Comfort System Integrators, etc.

Municipal and Architectural Design Consulting

Municipal Designing Institutes, Architectural Designing Institutes, Interior / Space / Decoration Design, Engineering Consulting and Supervision, etc.

Engineering Construction/Installation Companies

Comprehensive Environmental Management, Environmental Engineering, Environmental Services, Water Engineering, Water Supply and Drainage Engineering, Operation and Maintenance Services, General (and Subcontractors) for Construction, Building / HVAC / Electromechanical Engineering, Water Purification Engineering, etc.

Industrial End Users

Petrochemicals, Chemicals, Pharmaceuticals, Steel, Metallurgy, New Energy, Electronics, Power Plants, Rubber and Plastics, Plastics, Paper, Printing, Textiles, Food and Beverages, Coating, Automotive, Electroplating, Non-ferrous Metals, Cement, Glass, Ceramics, Leather, Apparel, Mining, etc.

Commercial End Users

Municipal Water Groups, Solid Waste Disposal Centers, Waste Treatment Plants, Water Supply / Sewage Treatment Plants, Water Supply and Drainage Companies, Real Estate Developers / Owners, Hotels / Property Management / Hospitals / Schools / Factories, etc.

Government / Municipal Departments

/ Environmental Protection Bureaus
/ Industrial Park Management Committees
/ Research Institutes / Environmental Monitoring Stations
/ Third-Party Testing Agencies
/ Industry Associations / Professional Media, etc.

WieTec 2025 Achieves New Heights

01 **106,721** visitors attended
WieTec 2025

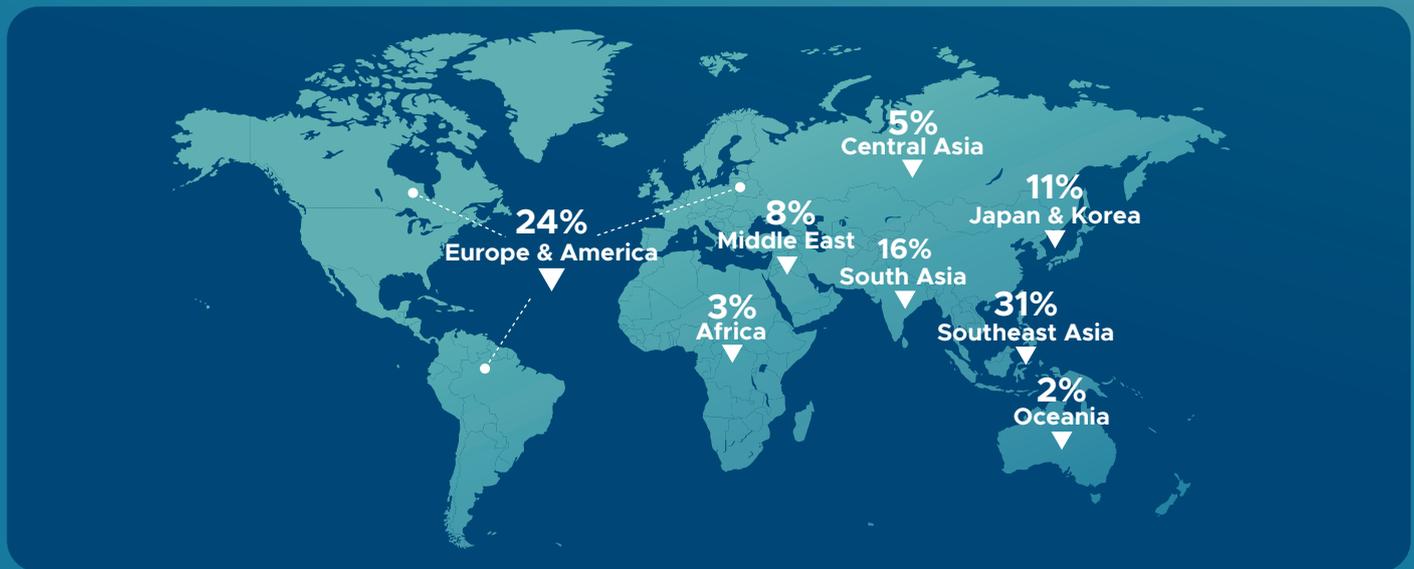

03 **85%** Exhibitor Satisfaction

02 **91%** Visitor Satisfaction
93% visitors expressed interest
in attending WieTec 2026

04 **5,421** VIP buyers

● International Visitor Regions

● Exhibitors' Feedback

Pentair

WieTec is a brilliant stage where we have the opportunity to exchange insights, spark ideas, and explore the endless possibilities of water with peers from around the world. At Pentair, we are committed to in-depth thinking and continuous exploration of water, dedicated to providing high-quality water treatment products and solutions that bring vitality and life to every drop. We firmly believe that through our efforts, every household can enjoy clean and healthy water. We wish WATERTECH CHINA continued success and growing excellence.

Danfoss

WieTec was a valuable platform for Danfoss to connect with industry partners and showcase our latest innovations in energy efficiency and smart O&M for the water sector. The event highlighted key trends in sustainability and received strong engagement from customers and stakeholders. We thank the organizers for their excellent work and remain committed to supporting the water industry's low-carbon and high-quality development.

Westinghouse

The exhibition was a great success. We thank the organizer for providing an excellent platform that allowed us to connect with outstanding partners from various regions. The clients were of high quality, and the exhibition also helped increase exposure and promotion. We look forward to meeting again in the future!

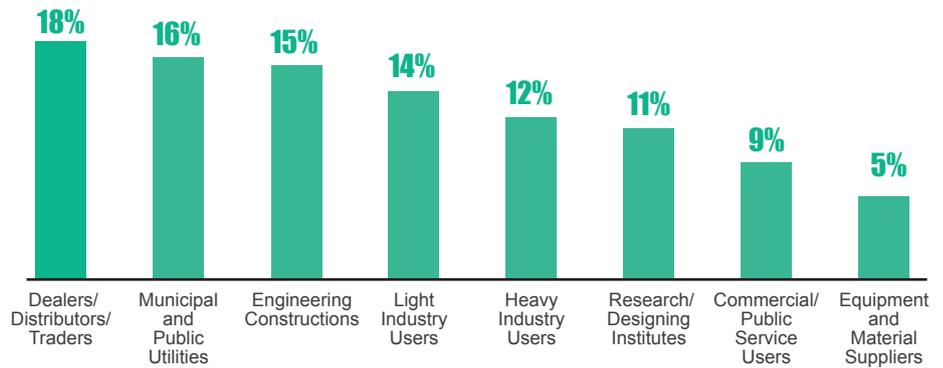

TTV

WieTec 2025 greatly supported our brand promotion and sales. As a leading pump and valve exhibition, it served as both a key channel for industry insights and a strong platform to showcase our brand and connect with customers. We gained valuable leads and insights through technical exchanges, and we look forward to continued collaboration and growth on this platform.

● International Visitors' Feedback

"They support export-focused production, enhance trade balance, and promote infrastructure growth. These events also help integrate local industries into global value chains and drive regional development."

— Mr. Harrison, Director of Business Development (Australia)

"WieTec 2025 reaffirms its role as a top platform for water innovation, with strong emphasis on advanced technologies, sustainability, and global collaboration. It offers great networking and knowledge-sharing opportunities — especially valuable for Vietnam."

— Mr. Nguyen, Association President (Vietnam)

"One highlight was the innovation in trenchless tech — very inspiring. I had great conversations, found promising tech solutions, and reconnected with peers. Looking forward to the next edition!"

— Mr. Jeff, Chief Executive Officer (Malaysia)

"We're proud to join WieTec 2025 — a leading global platform for environmental innovation. It brought together global leaders, top technologies, and real solutions to water and sustainability challenges."

— Mr. Javier, Association President (Philippines)

● WieTec Forum Series

WieTec has launched the "WieTec Forum Series" as a special feature. This program draws on the platform's extensive industry resources, inviting authoritative experts, seasoned scholars, and leading company representatives to share insights on the most pressing topics of the day. The feature has received unanimous praise from the industry. Building on the momentum generated by this program, WieTec 2025 had joined forces with leading industry organizations to host over **80** themed summits, having invited thousands of industry leaders to gather, discuss the future of the sector, and explore pathways for development!

Gathering Industry Luminaries (Previous Keynote Speakers)

Yuan Zhiguo

Fellow of the Australian Academy of Technological Sciences and Engineering

Zhou Aoying

Professor at the School of Data Science, East China Normal University

Huang Hui

Professor and Ph.D. Supervisor at Nanjing University

Wang Guangsheng

Chairman of DAMA China Limited

Wim Audenaert

Ph.D. in Environmental Engineering / Co-Founder & CEO of AM-Team

Lin Feng

Director of the Information Center, Shenzhen Water Group

Pu Wenpeng

General Manager of Operations and IT Management Department, China Everbright Water Ltd.

Zhou Qikang (Daniel)

Senior Engineer of Digital Water Office, Water Supplies Department, HKSAR

Xin Kunlun

Professor of College of Environmental Science and Engineering, Tongji University

Hua Xiansheng

Dean of Institute of Engineering Intelligence, Tongji University

Qiu Shuntian

Professor of School of Environmental Science and Engineering, Tianjin University

Wu Jingfei

Associate Professor of School of Economics, Shanghai University

Xu Dongjian

General Manager of Zhuhai Zhuobang Technology Co., Ltd.

Yang Bin

Deputy Director of Municipal Design Institute, Shanghai Investigation, Design & Research Institute

Guo Yufeng

Deputy General Manager of China Three Gorges Smart Water Technology Co., Ltd.

List of Forums (Partial)

▲ The 8th Yangtze River Delta Drainage and Sewage Treatment Seminar

▲ 2025 IWLF International Industrial Water Leaders Forum and Desalination Technology Innovation and Application Seminar

▲ The 8th Smart Water Summit Forum of Six Provinces and One City in East China — Empowering Network Leakage Control with New Quality Productivity to Support High-Quality Development in the Water Supply Industry

▲ 2025 Digital Water Innovation Summit

▲ The 7th China-Korea Environmental Technology and Industry Cooperation Forum

▲ China-Vietnam Water Technology Exchange Conference

● Business Matchmaking

At WieTec, we have leveraged the global influence and unique resources of our environmental platform to establish the VIP Membership Diamond Club. This robust, efficient, and diverse platform has been curated specifically for key decision-makers across various specialized sectors. Whether representing government departments, designing institutes, engineering firms, distributors, or any of the end-users and owners from **38** distinct industries. WieTec ensures that exhibitors within the club are continually presented with opportunities throughout the year.

During the three-day exhibition, WieTec assembled approximately **5,421** distinguished buyers from the fields of engineering, procurement, equipment, and technology. This presents a suitable platform for engaging in substantive discussions with industry professionals. As a testament to our endeavors, we have facilitated over **1,800** successful procurement matches through both digital and traditional channels.

● Industry Partners (Partial)

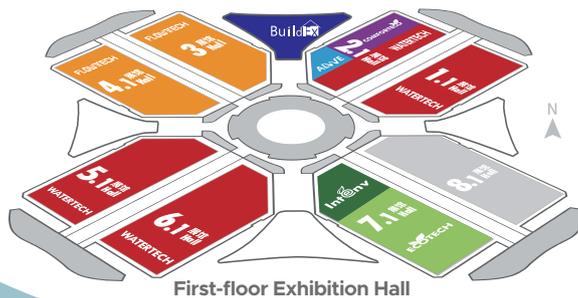

Industrial Energy Efficiency and Environmental Protection

- ▲ China Chemical Enterprise Management Association
- ▲ China Desalination Association
- ▲ Committee Of Water Supply and Drainage for Building
- ▲ Water Industry Branch of the China Civil Engineering Society
- ▲ Shanghai Instrument and Control Industry Association
- ▲ Shanghai Electro Plating Association
- ▲ Shanghai Business Association of Environmental Protection
- ▲ The Architectural Society of Shanghai China of Water Supply and Drainage
- ▲ Shanghai Water Supply Management Affairs Center of Shanghai Water Authority
- ▲ Shanghai Water Supply Industry Association
- ▲ Shanghai Development Zone Association

Low-Carbon Building and Comfort Systems

- ▲ Committee On purification& Fresh Air Of China Construction Metal Structure Association
- ▲ Chinese Quality Inspection Association Human Settlement Quality Professional Committee
- ▲ Chinese Industry Association for Antimicrobial Materials & Products
- ▲ Water Purification Branch for Membrane Industry Association of China
- ▲ National Association of Health Industry and Enterprise Management-water purification industry branch
- ▲ Nanjing Aizhong Jinglian
- ▲ China Decoration Union
- ▲ Korea Air Cleaning Association
- ▲ Shanghai Real Estate Chamber of Commerce
- ▲ Shanghai Air-conditioning And Refrigeration Institute
- ▲ Shanghai steel tube Industry Association

About the Organizer

Herui Expo

Herui Expo is a member of the Union of International Fairs (UFI). As an organizer with more than a decade of experience in planning and organizing professional brand exhibitions at home and abroad, Herui Expo always adheres to the spirit of craftsmanship, focusing on the B2B field, and is committed to creating an excellent international environmental trade platform.

Currently, Herui Expo participates in organizing more than 20 exhibitions and industry events annually, both domestically and internationally. Its core business scope includes exhibitions related to water purification, wastewater treatment, membrane, and water treatment, fluid machinery, energy-saving equipment, environmental monitoring, waste gas treatment, comprehensive environmental governance, indoor living environment, comfort systems, and low-carbon building decoration, as well as overseas cooperative exhibition projects and B2B e-commerce.

Informa Markets

Informa Markets creates platforms that drive trade, innovation, and growth for different industries and professional markets. Through hosting offline brand exhibitions, providing precise digital services, and offering practical data solutions, we offer opportunities for global customers and partners to engage, experience, and conduct business. Informa Markets' business covers numerous vertical professional markets worldwide, including pharmaceuticals, food, medical technology, and infrastructure. As a leading exhibition organizer, we energize various professional markets, provide extensive opportunities, and help these markets thrive around the clock.
